Tetiana Savaryn

front-end / java developer

tetianasavaryn.com · t.savaryn@gmail.com · linkedin.com/in/tsavaryn · (514) 826-7963

Professional Summary

I am a front-end designer with java development experience and a passion for user interfaces. I'm excited about product solutions and development. I've been lucky to explore both back-end and front-end practices and my graphic design expertise has enriched my skills as a developer. I have been working in both end-to-end delivery and team project developments. Constantly training and improving my skills to achieve effective goals.
